Entry Requirements

This qualification is designed for learners who are typically aged 16 and above.

The policy regarding access to our qualifications is that:

- they should be available to everyone who is capable of reaching the required standard
- they should be free from any barriers that restrict access and progression
- there should be equal opportunities for all those wishing to access qualifications

Progression

On successful completion of a Level 3 Diploma in Business and Management there are a number of progression opportunities.

Learners may progress to:

- a level 4 qualification such as the Level 4 Extended Diploma in Management
- a degree programme

Grading Structure

As well as receiving a grade for each individual unit learners will also receive an overall grade for the qualification. Each unit is equally weighted. The formula for establishing the overall grade is as follows.

Points per credit:

- Pass –3
- Merit 4
- Distinction 5

The minimum points required for each grade are as follows:

- Pass 360 points
- Merit 440 points
- Distinction 540 points

Unit	Credit	Pass - points per unit	Merit – points per unit	Distinction – points per unit
Managing Business Operations	20	60	80	100

Managing People in Organisations	20	60	80	100
Working in Teams	20	60	80	100
Effective Business Communication	20	60	80	100

Level 3 Diploma in Business and Management

The Level 3 Diploma in Business and Management is a 120 credit qualification. Learners must complete the six mandatory units totaling 120 credits.

Unit Title	Level	Credit
Mandatory Units		
Managing Business Operations	3	20
Maximising Resources to Achieve Business Success	3	20
The Business Environment	3	20
Managing People in Organisations	3	20
Working in Teams	3	20
Effective Business Communications	3	20

Unit Specifications

Unit Format

Each unit is presented in a standard format. This format provides guidance on the requirements of the unit for learners, tutors, assessors and external verifiers.

Each unit has the following sections:

Unit Title

The unit title reflects the content of the unit. The title of each unit completed will appear on a learner's statement of results.

Unit Aims

The unit aims section summarises the content of the unit.

Unit Code

Each unit is assigned a unit code that appears with the unit title on the Register of Regulated Qualifications.

Level

All units and qualifications have a level assigned to them which represents the level of achievement. The level of each unit is informed by the level descriptors.

Credit Value

The credit value is the number of credits that may be awarded to a learner for the successful achievement of the learning outcomes of a unit.

Learning Outcomes

The learning outcomes set out what a learner is expected to know, understand or be able to do as the result of the learning process.

Assessment Criteria

The assessment criteria describe the requirements a learner is expected to meet in order to demonstrate that the learning outcome has been achieved. Command verbs reflect the level of the qualification e.g. at level 4 you would see words such as analyse and evaluate

Unit Indicative Content

The unit indicative content section provides details of the range of subject material for the programme of learning for the unit.

3.34 Managing Busines	ss Operations		
Unit aims	This unit aims to introduce learners to key aspects of all businesses and how they operate within the wider business environment, as well as internally. Learners will explore the important business areas of finance, customer service, planning, decision making and operational control

Indicative Content

Using and monitoring resources

- Resources which are necessary for any organisation to prosper and thrive; their importance and purpose, how to maximise use of, manage and conserve organisation's resources.
- Monitoring resources: factors which need to be monitored on a regular basis; how to monitor resources at work. Impact of not monitoring resources
- Efficient resource monitoring, identification of problems, appropriate corrective action.

Best Practice and Sound Policy

- Benchmarking: process benchmarking; performance benchmarking; strategic benchmarking and internal benchmarking.
- What performance indicators are and how they are used.
- Best Practice; sound policy; why it is necessary to ensure best practice/create sound policy.

Harnessing Technology

- Some of the most commonly used new technology words and phrases.
- The most popular and widely used computer software programmes.
- computer software programmes currently used in own workplace, and own current level of skill and ability to use each one.
- ways in which skills and abilities can be developed to work with the computer software currently in use
- the Internet and how it works.
- Demonstrate, at work, confidence in your ability to work with new technology.

Project Management Skills

- project management skills
- the Three Stage-Project Cycle
 - Identify and rank a project's Critical Factors.
 key dates/milestones (Gantt Chart)
 - Analysis of project (e.g. SWOT Analysis Technique to identify project strengths, weaknesses, opportunities and threats.)
 - o possible causes of a project's problems (e.g. Ishikawa Fishbone Diagram)
 - project tasks and the order in which these should be completed (e.g.' Critical Path Analysis
 - Project Evaluation &

Review

Apply skills to manage projects.

London School of International Business

The Excellent Organisation

- The terms quality and excellence, why they are important to organizations
- Tools and techniques to implement quality in an organisation:
 - Total Quality Management (TQM)
 - o 3-Step Quality Control process
 - o Right First Time
 - o Quality Assurance
 - o Continuous improvement (Kaizen)

1. Understand key elements of the recruitment and selection process	1.1 Explain the recruitment methods and processes used by organisations 1.2 Prepare a job description and person specification for a specified job 1.3 Produce guidelines to ensure interviewers carry out best practice before during and after an interview	1 M1 Describe the difference between direct and indirect discrimination	1 D1 Evaluate the effect of legislation on the recruitment and selection process	
2. Know how organisations carry out performance management	2.1 Describe each stage of the seven step process for Managing Performance 2.2 Using examples, explain why standards are a necessary part of performance management	2 M1 Explain performance management and how it benefits employees, managers and organisations.	2 D1 Design an appraisal process including examples of the documentation required	

3. Know how organisations develop people	3.1 Explain the difference between training, coaching, mentoring and counselling 3.2 Describe the learning cycle 3.3 Describe a range of psychometric tests and their uses	3 M1 Using examples, describe different kinds of opportunities which organisations use to develop employees 3 M2 Select appropriate support to offer to individuals, using diverse scenarios	3 D1 Evaluate the benefits of training, counselling, mentoring and coaching to individuals and organisations
4. Know how to ensure employee training is effective	4.1 Explain the key elements of a Learning Organisation 4.2 Describe the elements of the training cycle 4.3 Explain the characteristics of effective training courses	4 M1 Explain the purpose of a training needs analysis, and how to carry one out 4 M2 For three different training methods, describe the advantages and disadvantages of their use	4 D1 Produce the learning objectives for a work-related training course
5. Review own personal effectiveness	 5.1 Identify own preferred learning style 5.2 Describe the behaviours of people who are confident, lacking in confidence and over-confident, and relate to self 5.3 Explain the goal setting process and the difference between long-term and short-term goals 5.4 Assess own time management skills 	Set SMART personal and work- related goals Prioritise own workload	Devise solutions for handling non-productive 'time wasting' activities Use a range of tools and techniques to

			develop own creativity at work
6. Know the steps taken by organisations to ensure workplace welfare	6.1 Explain the term workplace welfare 6.2 Describe employers' and employees' health & safety responsibilities 6.3 Explain how organisations can reduce the occurrence of work- related stress	6 M1 Explain each step of the 5-Step Health & Safety Management Procedure	
7. Know how to manage change	7.1 Explain why organisations must embrace 'change' 7.2 Describe the most common reactions to change	7 M1 Explain the Four-Step Change Management Process and how it can help organisations	7 D1 Assess own reactions to change

Indicative Content

Recruiting the Right People

- Common recruitment methods
- Job descriptions and person specifications: content; layout
- The selection process: shortlisting, interviewing; best practice: what should happen before, during and after interviews
- Direct and indirect discrimination

Managing Performance

- Performance management: what it is; why it is important; the benefits for individual members of staff, managers and organisations.
- Standards: what they are and why they are necessary; the importance of realistic, work-related Standards
- The Seven-Step Process for Managing Performance
- Staff appraisals: how to conduct theme to ensure they are effective

Developing and supporting people: Difference between training and development, different kinds of development opportunities

- Learning Organisations; psychometric tests and their uses; the learning cycle, learning styles.
- Supporting employees: coaching, mentoring, 23ounseling; when to offer
- · The coaching process

Making Training Work

- The training cycle; knowledge and skills gap; the training needs analysis
- Training courses: the importance of developing suitable training materials, i.e. at the right level, relevant and applicable; Learning Objectives; different training methods (including work-related training) their advantages and disadvantages,
- Learning styles; active and passive learning

Managing own performance

- Levels of confidence: the differences between people who are confident, lacking in confidence and over-confident; own self confidence
- The goal-setting process; long-term and short-term goals, personal and work-related goals, SMART goals
- Workload and time management; time pressures planning, doing and dealing with people; how to prioritise, time-wasting activities; solutions
- Tools and techniques to develop creativity at work

Workplace Welfare

- Workplace Welfare: employers' and employees' health & safety responsibilities
- The 5-Step Health & Safety Management Procedure, Safety audits, what they
 are and how to carry them out; Risk assessments, what they are and how to
 carry them out
- · Work-Related Stress; how to reduce incidence

Making Change Positive

- Why organisations change (internal and external reasons).
- Reactions to change, why people resist
- How to manage change the Four-Step Change Management Process
- How to contribute positively to change

Indicative Content

Verbal communication

- The importance of clear communication; impact of confused, unclear communication.
- Effective listening
- Questions: open and closed questions; appropriate use
- Communication styles: aggressive, passive and assertive; the importance and elements of assertive communication.
- Using communication skills to develop rapport with others.
- Effective telephone calls.

Written communication

Importance of clear, concise and complete written communication.

Non-verbal communication

- Importance of non-verbal communication; including personal space.
- Body language signals; how to interpret those used by others; how to send body language signals;
- Personal appearance and the non-verbal signals it sends

Effective Meetings

- Meetings: productive and non-productive meetings; the Seven-Step Process for organizing productive meetings.
- Documents: agendas formal and informal; minutes, purpose and contents
- Responsibilities of a chairperson; how to chair a meeting
- Making a positive contribution to any meeting.

Presenting Information

- Types of presentation: when you could be called upon to present information to others.
- Key areas of every presentation: Content, Visual Aids, and Delivery;
- Content: Introduction, main message, summary and closure; how to prepare content
- Visual aids: types; difference between an effective (good) visual aid, and an ineffective (poor) visual aid; how to prepare visual aids
- How to deliver: positive actions to take, and the negative actions to avoid; how to prepare to deliver

Analysing and Solving Problems

- the nature of problems; differences between maintenance and achievement problems; urgent and non-urgent problems
- approaches to tackling a problem; the six-step process of analysing a problem and finding the right solution.
